Become a Dealer!

Let us help you expand your business, increase customer base, maximize labour and offer a valuable service.

As a **Flaman Authorized Rental Dealer** you will benefit from increased profits, national branded advertising, financial and A/R support, buying power, training and staff support, co-op advertising, volume bonuses, equipment service support, and discount insurance.

Visit Flaman.com/rentals/ for more details

The Rental Process

When renting we need to see:

1. Valid Canadian Driver's License
2. Major credit card (we do not accept prepaid cards)

The driver's license and the credit card must belong to the renter (same name on both).

A Pre-Authorization of \$500 + estimated cost of rental will be taken at the time of pick up.

A Pre-authorization is a temporary hold and is not a charge. The actual charge will happen when the Rental item is returned, looked over, and the rental contract is closed with a final cost calculated. Flaman Rentals reserves the right to pre-authorize your credit card 24 hours prior to the rental. Non-valid credit cards will result in automatic cancellation of the reservation.

Insurance is the responsibility of the customer.

Damages are the responsibility of the customer.

Cleaning charges are \$100 per hour. All items must return in clean condition.

Our delivery rates are \$3.00/loaded km or \$150 delivery & pick-up, whichever is greater.

All items are charged for time out, not time used.

Full day rentals = 24 hours

½ day rentals = 4 hours

Ag items are charged based on an acre rate **OR** daily rate, whichever is greater.

Rental units may be equipped with **ACREMETERS** or **GPS** units to calculate acres done during the rental.

*Removing or tampering with GPS or Acremeters is strictly prohibited. Doing so will result in a tamper charge of the daily rate **x2** for the duration of the rental. GPS units are linked to email and we are notified if a unit is removed or tampered with.*

Our mission is to be North America's leading agriculture dealership providing the rental of quality short-line equipment, delivered in an affordable, efficient manner by the best dealer group attainable.
